Summary

I am a full-stack web developer with 1 year of experience. I love learning new technologies and I like to make react websites and solve different business problems.

My skills

Expertise: Javascript, HTML, CSS, Tailwind CSS, Bootstrap, React.js, Node.js, Express.js, MongoDB.

Good at: React Router, React Bootstrap, RestAPI, JSON.

Familiar with: JWT Token, Stripe js, TypeScript, Next js, OpenApi.

Tools: Vs code, Figma, Heroku, Netlify, Github.

My projects

- In this project I used react js, firebase, tailwind, daisyUi, slick, node js, JWT, MongoDB, Heroku, and stripe js.
- You can pay for your products with a card and see your product on the dashboard.
- The admin can add or delete the products and approve paid products.
